PREFERRED REPLACEMENT SHRUB (see next page for recommended list):

RECOMMENDED TREES:

The following is a list of plants and trees that do well in our valley with very little water once established. Most of them should be available locally at Chelsea's Nursery.

Russian Hawthorne (attracts birds)

Crataegus Ambigua

15-25 x 15-20

Cockspur Hawthorne (thornless)

15-20 x 20-25

Crimson Cloud Hawthorn

20 x 15

Honeylocusts (all varieties)

Newport Plum

Prunus Cerasifera

15-20 x 15-20

Flowering Pear (fruitless)

30-35 x 25-30

RECOMMENDED SHRUBS:

Leadplant

Amorpha Canescens

3-4 x 3-4

Nano Blue Butterfly Bush

4-6 x 4-6

Blue Mist Spirea

Caryopteris Incana

3-4 x 3-4

Mock Bearberry

evergreen flowers & berries

1-2 x 3-4

Pawnee Sandcherry
